Kissing Frogs (Reggae Mix)

She kisses many frogs
Knows no princes or evil
She's a goddess, not a queen
When she showed me heaven

Your taste of love's perfection
Will always own the future
But we had to leave paradise
However

Lovers don't chase ghosts
Never strayed or homesick
Playing couldn't be better
Greet angels from the past

Your taste of love's perfection
Will always own the future
We had to leave paradise
However

Had to leave paradise
However

She's a goddess, not a queen

Fruits, snakes and monkeys

Don't wanna be with the boys
I'd rather stay with my honey
And treat her like a queen
Although she comes from heaven

No princesses and queens in paradise
It's only fruits, snakes and monkeys there
In paradise

It's only fruits, snakes and monkeys there
Fruits, snakes and monkeys!
Fruits, snakes and monkeys!
And monkeys!

Kissing Frogs (Zabka Remix)

Lovers don't chase ghosts
Never strayed or homesick
Playing couldn't be better
Greet angels from the past

She kisses many frogs
Knows no princes or evil
She's a goddess, not a queen
When she showed me heaven

Your taste of love's perfection
Will always own the future
But we had to leave paradise
However

Heaven, heaven, heaven
She showed me heaven

We had to leave paradise
Had to leave paradise
Lovers don't chase ghosts
Greet angels from the past

She's a goddess, not a queen
When she showed me heaven
When she showed me heaven
